

## **TRANSTAR INDUSTRIES ACQUIRES THE ASSETS OF SEATAC PARTS WAREHOUSE, INC.**

**[Cleveland, Ohio – September 5, 2019]** Aftermarket transmission parts distribution leader, Transtar Industries, today announced the acquisition of the assets of SeaTac Parts Warehouse, Inc., a distributor of transmission and driveline parts headquartered in Kent, Washington. SeaTac’s Kent, WA operation will be merged into Transtar’s Kent, WA location.

Of the transaction, SeaTac president Mike Ott comments, “Similar to Transtar, we focus on maintaining close professional relationships with rebuilders and shop owners. In deciding how to transition our family’s business, we determined that there was no better partner than Transtar to maintain and advance the relationships we built over the years.”

“SeaTac’s focus on service and relationships is in perfect alignment with Transtar,” comments VP of Sales and Marketing Tom DeMille. “We are excited to bring Transtar’s broad product offering to even more customers and are committed to meeting their needs on a daily basis.”

Transtar CEO Neil Sethi says, “The acquisition of SeaTac complements our operations in the Pacific Northwest and we appreciate the opportunity to work with Mike and his family on this acquisition. We are very pleased that they chose Transtar for the transition of their business and welcome SeaTac customers to the Transtar family.”

Customers in the Pacific Northwest and surrounding regions can expect greater availability of Transtar’s continually expanding line of products. For more information, visit [Transtar1.com](http://Transtar1.com).

### **About Transtar Industries:**

Transtar Industries is the global leader in transmission and driveline-related solutions. Dedicated to providing customers with outstanding service, offering the broadest product catalog and best-in-class distribution of quality OE, aftermarket parts, and premium remanufactured products. Founded in 1975 in Cleveland, Ohio, in four decades, Transtar has grown to be a global supplier of products related to the transmission and driveline, with a comprehensive offering that includes automatic and standard transmission units, transmission rebuild kits and components, remanufactured torque converters, hard parts, valve bodies, differentials, and transfer case kits and components. Using their robust distribution network throughout the domestic United States, Puerto Rico and Canada, they deliver products to more than 80 countries.
